```
<HTML>
```

```
<HEAD>
```

```
<TITLE>
```

```
My HTML Reference Page
```

```
</TITLE>
```

```
</HEAD>
```

```
<BODY BGCOLOR="#666666" >
```

```
<H1 ALIGN="CENTER"><FONT COLOR="WHITE">My HTML Reference  
Page</FONT></H1>
```

```
<P>
```

```
Welcome to my website!
```

```
</P>
```

```
<P>
```

```
This page is dedicated to giving you tips on creating wonderful web pages using HTML.
```

```
</P>
```

```
<P>
```

```
First, make sure to use the standard tags of HTML, HEAD, and BODY. Then, use TITLE  
to title your web page. Use the P tag to add paragraphs to your page.
```

```
</P>
```

```
<H1>
```

```
Create wonderful headings with H1.
```

```
</H1>
```

```
<H2>
```

```
Create wonderful headings with H2.
```

```
</H2>
```

```
<H3>
```

```
<H3>
Create wonderful headings with H3.
</H3>
```

```
<H4>
Create wonderful headings with H4.
</H4>
```

```
<H5>
Create wonderful headings with H5.
</H5>
```

```
<HR>
Spruce up your web page with some HR to separate text.
```

```
<OL>
```

```
<LI>Use OL for ordered lists.
</LI>
<LI>
use LI for each list item.
</LI>
<LI>
Numbered lists help organize information.
</LI>
</OL>
```

```
<UL>
<LI>Use UL for unordered lists.
</LI>
<LI>Continue to use LI for list items.
</LI>
<LI>Bulleted lists also help organize information.
</LI>
</UL>
```

```
<P>
<FONT FACE="ARIAL">
Spruce up your web page with some Arial font!
</FONT>
</P>
<p><FONT SIZE="7" COLOR="WHITE" FACE="COMIC SANS MS">
How about some size 7, white, comic sans ms font?</FONT>
```

```
</p>
```

```
<P>
```

```
How about some <b>bold</b>, <i>italics</i>, and <u>underline</u>?
```

```
</p>
```

```
<P align="center">
```

```
Try centering for emphasis.
```

```
</P>
```

```
<P><center>
```

```
<IMG SRC="images.jpg" ALT="What a beautiful dog!"></center>
```

```
</P>
```

```
<P>
```

```
Add links to your page to websites like <A
```

```
href="http://www.google.com/">Google</A> or add an <A
```

```
href="mailto:fakeemail@email.com">email link.</A>
```

```
</P>
```

```
</BODY>
```

```
</HTML>
```
